GENERAL PROVISIONS

1. At any time after the recording of those covenants grantor may elect to turn supervision of the Common Areas and approval of building plans over to a Control Committee, which shall consist of five (5) members who must be lot owners. The first members shall be chosen by grantor and annually thereafter by election by the lot owners, at an election to be called by the Control Committee. At such election each lot shall be entitled to one vote for each position on the committee, or an owner may elect to cast his votes cumulatively. In the election a contract purchaser shall be entitled to vote provided his contract is in good standing.

All such charges shall be divided equally among the owners of lots within the area on a unit basis. Any unpaid charges, along with unpaid water charges to the individual lots, all of which shall become delinquent 30 days after billing, shall become a lien against the lot and no such lot shall be sold or otherwise transferred until all such charges or any other assessments which may be levied by the Control Committee have been paid, except that any such charges or assessments shall be junior to the rights of any contract seller or purchase mortgages on the property of the owner of any such lot.

Any prospective purchaser, except in case of judicial sale, shall be first approved by the Committee, before he

is entitled to purchase or have possession of any lot.

4. Grantor reserves to itself and to its successors all oil, gas and mineral rights in the area.

5. These covenants and each and every part thereof shall run with the land and shall be binding upon all parties and all persons claiming under them, and owning or having any interest in any of the above-described lands, for a period of 25 years from the date of these covenants, after which time these covenants shall automatically be extended for successive periods of ten (10) years, unless an instrument signed by a majority of the then owners of the lots is recorded, agreeing to modify or revoke these covenants in whole or in part. Amendments to or revocation of these covenants at any other time shall require the written consent of two thirds (2/3) of all owners.

6. Enforcement of these covenants shall be by proceedings at law or in equity against any person violating or attempting to violate any covenant either to restrain such violation or to recover damages therefor, and may be brought by any lot owner damaged.
