ARTICLE VI

COVENANT FOR MAINTENANCE ASSESSMENTS

Section 1. Creation of the Lien and Personal Obligation of Assessments. The Declarant, for each lot owned within the Property, hereby covenants, and each owner of each lot by acceptance of a deed or other contract or conveyance, whether or not it shall be so expressed therein, is deemed to covenant and agree to pay to the Club:

- (1) Annual assessments or charges, and
- (2) Special assessments for capital improvements, such assessments to be fixed, established and collected from time to time as hereafter provided.

The annual and special assessments, together with interest at the rate established by the Club, costs and reasonable attorneys' fees incurred in the collection thereof, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with such interest, costs and reasonable attorneys' fees, shall also be the personal obligation of the person who was the owner of such property at the time when the assessment fell due. The personal obligation of the owner shall not pass to his successors in title unless expressly assumed by them.

Section 2. Purpose of Assessments. The assessments levied by the Club shall be used exclusively for the purpose of promoting the recreation, health, safety and welfare of the residents in the Property and in particular for the improvements and maintenance of the Property, services and facilities devoted to this purpose and related to the use and enjoyment of the Common Area, and of the homes situated upon the Property, including without limitation the installation of and maintenance of the entry gate, cul de sacs if any, and planting areas on streets within the Property.

Section 3. Basis of Annual Assessments. Until April 1 1980, the maximum annual assessment shall be Sixty Dollars (\$60.00) per lot.

a. From and after April 1 1980, the maximum annual assessment may be increased effective April 1 of each year without a vote of the membership in conformance with the rise, if any, of the U.S. Bureau of Labor Statistics Consumer Price Index for All Urban Consumers (CPI-U) for Seattle, Washington (base 1967 = 100) for the preceding month of November. To determine the percentage by which the annual assessment for each subsequent year may be increased without a vote of the membership, the index for the month of November preceding the effective date of any proposed increase shall be divided by the index for November 1979, which shall be the base index. Said adjustment percentage, if in excess of one hundred (100) percentum, shall be multiplied by the initial maximum assessment provided for herein to determine the maximum amount to which the annual assessment may be increased for the subsequent year without a vote of the membership.

b. From and after April 1 1980, the maximum annual assessment may be increased above that established by the Consumer Price Index formula by a vote of the members, provided that any such change

shall have the assent of two— thirds (2/3) of the votes of all members who are voting in person or by proxy, at a meeting duly called for this purpose, written notice of which shall be sent to all members not less than thirty (30) days nor more than sixty (60) days in advance of the meeting setting forth the purpose of the meeting. The limitations hereof shall not apply to any change in the maximum basis of the assessments undertaken incident to a merger or consolidation in which the Club is authorized to participate under its Articles of Incorporation.

c. After consideration of the maintenance costs and future needs of the Club, the Board of Trustees may fix the annual assessment at an amount not in excess of the maximum.

Section 4. Special Assessments for Capital Improvements. In addition to the annual assessments authorized above, the Club may levy special assessments for the purpose of defraying, in whole or in part, the costs of any construction or reconstruction, expected repair or replacement of any capital improvement upon the Common Area including the necessary fixtures and personal property related thereto, provided that any such assessment shall have the assent of two—thirds (2/3) of the votes of all members who are voting in person or by proxy at a meeting duly called for this purpose, written notice of which shall be sent to all members not less than thirty (30) days nor more than sixty (60) days in advance of the meeting setting forth the purpose of the meeting.

Section 5. Uniform Rate of Assessment. Both annual and special assessments must be fixed at a uniform rate for all lots and may be collected on a monthly basis.

Section 6. Quorum for Any Action Authorized Under Sections 3 and 4. At the first meeting called, as provided in Section 3 or Section 4 hereof, the presence at the meeting of members entitled to cast fifty percent (50%) of all the votes of the entire membership shall constitute a quorum. If the required quorum is not forthcoming at any meeting, another meeting may be called, subject to notice requirements set forth in Sections 3 and 4, and the required quorum at any such subsequent meeting shall be one—half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

Section 7. Date of Commencement of Assessments; Due Dates; Certificate. The annual assessments provided for herein shall commence as to each lot on the first day of the calendar month following the recording of the conveyance or contract for conveyance of the lot from the Developer, whichever is earlier. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Trustees shall fix the amount of the annual assessment against each lot at least thirty (30) days in advance of each annual assessment. Written notice of the annual assessment shall be sent to every owner subject thereto. The due date for each installment of the annual assessment shall be established by the Board of Trustees. The due date of any special assessment shall be fixed by the resolution authorizing such assessment. The Club shall upon demand of any encumbrancer, prospective encumbrancer, or prospective purchaser at any time, or upon demand by any owner at reasonable times established by the Club, furnish a certificate in writing signed by an authorized officer of the Club setting forth the amount of any unpaid assessments against a specified lot. A reasonable charge may be made by the Board for the issuance of a certificate. Unless the certificate is deposited in the mail, postage prepaid to the address given by a requestor, other than the owner, within ten (10) days of payment of the required fee, the

lien of assessments due and unpaid at such time shall be subordinate to the interest, if any, acquired by the requestor in the lot. The requestor shall not be liable for, nor shall his interest in the lot, be subject to the lien for unpaid assessments not disclosed in any properly executed certificate.

Section 8. Effect of Nonpayment of Assessments; Remedies of the Club. Any assessments which are not paid within thirty (30) days after the due date shall bear interest from the due date at the maximum rate of interest permitted by law, and the Club may bring an action at law against the owner personally obligated to pay the same, or foreclose the lien against the property, or take any other action allowed in law or equity, and interest, costs and reasonable attorneys' fees of any such action shall be added to the amount of such assessment. No owner may waive or otherwise escape liability for the assessments provided for herein by the non—use of the Common Area or abandonment of his lot.

Section 9. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage (and to the lien of any second mortgage given to secure payment of the purchase price) now or hereafter placed on a lot, and to the interest of any vendor under a real estate contract not entitled to possession. The sale or transfer of any lot shall not affect the assessment lien. However, the sale or transfer of any lot which is subject to any mortgage or real estate contract, pursuant to a decree of foreclosure under such mortgage or any proceeding in lieu of foreclosure thereof or any proceeding to obtain a forfeiture and cancellation of a real estate contract or proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments thereof which became due prior to such sale or transfer. No sale or transfer shall relieve such lot from liability for any assessments thereafter becoming due or from the lien thereof.

Section 10. Exempt Property The following property subject to this Declaration shall be exempt from the assessments created herein:

- (a) All land owned by the developer;
- (b) All property dedicated to and accepted by any public agency, authority or publicly regulated utility;
- (c) The Common Area;
- (d) All properties owned by a charitable or non—profit organization exempt from taxation by the laws of the State of Washington; and
- (e) Tracts B and C reserved by the Developer.

The Trustees of the Club shall have the right to terminate the term of office of any member of the Architectural Control Committee at any time and to appoint new or additional members. The Club shall keep on file at its principal office a list of the names and addresses of the members of the Architectural Control Committee.

a. No building or other structure shall be constructed or altered upon any lot until there has been filed with and approved by the Architectural Control Committee plans and specifications for the same. There shall be included with each proposal, in the form satisfactory to the Architectural Control Committee, one set of plans and specifications showing (1) the size and dimension of the improvement; (2) the exterior design; (3) the exterior color scheme; (4) the exact location of the improvement on the Lot; (5) the location of driveways and parking areas; (6) the scheme for drainage and grading; (7) the areas to be cleared and trees and natural growth to be removed; and (8) proposed landscaping.

b. Approval of said plans and specifications may be withheld if the proposed improvement is at variance with these covenants. Approval may also be withheld if, in the opinion of the Architectural Control Committee, the proposed improvement will be detrimental to the community because of grading and drainage plan, location of the structure on the building site, color scheme, finish design, proportions, shape, height, style, appropriateness of material to be used thereon, inappropriate clearing of trees or natural growth, or other features not aesthetically adapted to the area and nearby developed properties.

c. Changes in exterior, including color schemes of all structures shall be submitted to the Architectural Control Committee for approval.

d. Owners may appeal any decision made by the Architectural Control Committee to the Board of Trustees of the Club whose decision shall be final.

e. The Architectural Control Committee's approval or disapproval as required in these covenants shall be in writing. In the event that the Committee, or its designated representative, fails to approve or disapprove within thirty (30) days after plans and specifications have been submitted to it, approval will not be required.

f. It shall be the responsibility of the Architectural Control Committee to determine that improvements have been completed in accordance with the plans as submitted and approved. Such determination must be made within sixty (60) days of the completion of the improvement. In the event the Committee shall determine that the improvement does not comply with the plans and specifications as approved, it shall notify the owner within said sixty (60) day period, whereupon the owner, within such time as the Committee shall specify, but not less than thirty (30) days, shall either remove or alter the improvement or take such action as the

Architectural Control Committee shall designate. If no such action by the Committee is taken within sixty (60) days of the date of completion of the improvements, the improvements shall conclusively be deemed to be satisfactory to the Architectural Control Committee.

ARTICLE VIII

The following residential area covenants shall apply to all lots within the plat of LakeLand Village No. 8, with the exception of roads and those areas marked on the plat as common areas and plots specifically reserved by Developer for other than residential purposes, to-wit, Tracts B and C.

Alternate roofing materials shall be approved by the Architectural Control Committee and adopted by a resolution of the Board of Trustees. Exterior colors shall be consistent with the surrounding community and approved by the Architectural Control Committee.

b. Each residence shall be provided off street parking for at least two cars within a garage and two additional parking spaces within each lot. It is desirable that all garages be incorporated in or made a part of the dwelling house.

c. No animals, livestock or poultry of any kind other than house pets shall be kept or maintained on any part of said Property. Dogs and cats, or other household pets, may be kept on the Property provided they are not kept, bred or maintained for commercial use or purpose. No permanent trailers or mobile homes shall be permitted upon any lot. No trailer of any sort, truck, camper, mobile home or boat shall be kept or permitted to be kept on any lot, unless housed within an enclosed garage or screened from view from streets, common areas, or other lots in a manner approved by the Architectural Control Committee, provided, travel trailers may be temporarily placed upon lots for limited vacationing or holidays subject to regulations of the Architectural Control Committee.

e. The work of construction of all buildings and structures shall be prosecuted diligently and continuously from commencement of construction until the structures are fully completed and painted. All structures shall be completed as to external appearance, including finish painting, within one (1) year of

commencement of construction.

f. The lots in the subdivision shall be maintained in their natural setting of native vegetation. No more trees or natural growth shall be removed than reasonably necessary for the construction of the residence and permitted structures and for the use and enjoyment thereof, and in no event shall more than sixty percent (60%) of the native trees and ground cover be removed. All trees and natural growth proposed to be removed at any time shall, after written approval of the site clearing plan as provided in ARTICLE VII, shall be flagged or marked and the Architectural Control Committee notified at least seven (7) days before removal is commenced.

g. No refuse, garbage or rubbish shall be deposited on or left on the lot unless placed in an attractive sanitary container suitably located and screened from public view. All refuse, garbage or rubbish shall be regularly removed from each lot to an authorized location. The Club may, after notice provided in its Bylaws, remove and abate any items allowed to remain on any lot in violation of this covenant, at the owner's expense. All such costs shall constitute a lien which may be collected with costs and fees for collection as are assessment liens.

h. No individual sewage disposal system shall be permitted on any lot unless such system is designed, located and constructed in accordance with an approved plan complying with the requirements and standards of the Mason County Health District. No noxious or undesirable thing or noxious or undesirable use of the property shall be permitted or maintained upon any lot.

i. No individual water supply system shall be permitted on any lot. No owner may refuse to connect to the State Health Department approved water system to be operated by Developer, its successors or assigns. Water is to be available at each lot by the time fifty percent (50%) of the lots are sold or within two (2) years of final plat recording.

j. No signs of any kind for any uses, except public notice by a political division of the state or as required by law, shall be erected, posted, painted, or displayed on any building site or portion of this subdivision whatsoever, provided, however, that any builder may erect and display signs during the period he is building and selling property in said subdivision, and that any owner wishing to sell his or her home may place one (1) sign, not larger than four hundred (400) square inches, advertising the property for rent or sale. Notwithstanding the foregoing, no "For Sale" or "For Rent" sign shall be displayed to the public view by owners other than Developer so long as the Developer owns any lot within the plat.

k. No fences, hedges or boundary walls or other barriers shall be placed or constructed so as to unreasonably obstruct the view of any lot owner and all structures shall be so located with the approval of the Architectural Control Committee so as to prevent insofar as possible interference with the view from the other lots, while conforming with reasonable architectural standards. o. Exterior lighting of any sort which is visible from a street, common area, or from any other dwelling in LakeLand Village shall not be installed without first obtaining the permission of the Architectural Control Committee.

p. No swimming pool or recreational area shall be covered and enclosed except within a building conforming to exterior requirements for residences and approved by the Architectural Control Committee in the manner provided for residences.

q. Developer reserves to itself, its successors or assigns an easement five (5) feet in width, parallel and adjacent to all lot lines, except that this easement shall be ten (10) feet in width along lot lines where lots are not contiguous, for purposes of installation and maintenance of all utilities and drainage. All utility lines shall be suitably installed underground.

r. In the event any lot owner desires to sell his lot, the Developer and, if it be unwilling to purchase, any lot owner shall have the right to purchase such lot at the same price and terms as the best bona fide offer received. All members shall have year-round fishing privileges, but catch limits shall be in accordance with State Game Laws. No hunting shall be permitted at any time.

ARTICLE IX

PRESERVATION OF VIEW RIGHTS

In any case in which the Architectural Control Committee shall determine that there is such interference, it shall send a notice in writing to the owner involved, which notice shall set forth the extent to which the trees or other vegetation shall be pruned or removed. If within thirty (30) days after receipt of such notice the owner has not caused the trees or other vegetation to be pruned or removed to the extent required by the architectural control committee, the LakeLand Village Community Club may, at its expense, cause such work to be accomplished provided, however, that the Club may in its discretion charge the cost of such work to the residents of the subdivision who have requested the pruning or removal of such trees or other vegetation.

ARTICLE X

WATER SERVICE

Each owner of each lot by acceptance of a deed or other contract or conveyance, whether or not so expressed therein, covenants and agrees to pay to the Developer, its successors or any person, corporation, or entity to whom the water system serving LakeLand Village No. 8 may be assigned, all connection charges, charges for service or other charges authorized by its tariffs now in effect or hereafter amended, provided said tariffs have received necessary approval by public authorities. Said charges, together with interest at the rate provided in the tariffs or in the absence thereof at the maximum rate authorized by law, costs and reasonable attorneys' fees incurred in collection thereof, are the personal obligation of the owner and in addition shall be a charge on the land and a continuing lien upon the lot for which such charges are due, which may be foreclosed by an action at law if said amounts are not paid within thirty (30) days after due date. This is not the exclusive remedy for nonpayment, and the provider may avail itself of any other remedy authorized by law, including, but not limited to, a personal action against the owner, or withholding of service until payment is made. Said liens shall be subordinated to other liens to the same extent and subject to the same limitations as are liens for Club assessments by ARTICLE VI Section 9.

ARTICLE XI

RESERVATION

There is hereby reserved to Anderson & Sons, Inc. and its successors and assigns from any conveyance of any portion of the real property herein described all oil, gas and other minerals in or under said real property. Purchaser agrees that no conveyance of any portion of said real property shall be effective to convey oil, gas or other mineral rights unless the oil, gas or mineral rights to be conveyed are specifically set forth in the instrument of conveyance.

GENERAL PROVISIONS.

Section 1. Enforcement. The Club, any owner, or the Developer so long as it shall have an interest in the Property, shall have the right to enforce, by proceedings at law or in equity, all restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by the provisions of this Declaration. Failure by the Club, any owner or the Developer to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 2. Severability. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no wise affect any other provision which shall remain in full force and effect.

Section 3. Amendment. The covenants and restrictions of this Declaration shall run with and bind the land and shall inure to the benefit of and be enforceable by the Club, or the owner of any property subject to this Declaration, their legal representatives, heirs, successors, and assigns, for a term of twenty-five (25) years from the date this Declaration is recorded, after which time said covenants shall be automatically extended for successive periods of ten (10) years. The covenants and restrictions of this Declaration may be amended during the first twenty-five (25) year period by an instrument signed by not less than ninety percent (90%) of the lot owners, provided, however, that until the Developer shall, within said twenty-five year period, have sold fifty percent (50%) of the lots in the last area annexed to the Property as provided in ARTICLE II Section 2, no amendment shall be effective without Developer's written consent. Thereafter the covenants and restrictions of this Declaration may be amended by an instrument signed by not less than seventy-five percent (75%) of the lot owners. No amendment shall be effective until recorded.
