**LAKELAND VILLAGE COMMUNITY CLUB
RESOLUTION NO. 13**

Street Lights

DIVISIONS 1 THROUGH 12

WHEREAS the LakeLand Village Community Club has long assumed the responsibility for approving the installation of street lights and the utility costs associated therewith, **AND**

WHEREAS there has never been an established policy with regard to where street lights will or will not be installed and under what circumstances they will be authorized, **AND**

WHEREAS it is the desire of the LakeLand Village Community Club Board of Trustees to establish a standard policy for the approval or disapproval of street light requests to preclude a haphazard proliferation of street lights with ever-increasing utility costs, **THEN BE IT THEREFORE**

RESOLVED that the Board of Trustee's official position in this regard is as set forth below:

Requests for installation of street lights will receive the utmost scrutiny and will be approved only if the following criteria are met:

- There must be a bona fide safety reason for installing a light at the location requested.
- There must be a transformer within ten (10) feet of the requested installation site. This requirement could be waived if the requester(s) are willing to pay additional installation costs.
- Everyone who will be affected by the light must agree to its installation, **AND BE IT**

FURTHER RESOLVED that the Architectural Control Committee will review the request in accordance with the preceding criteria and make a recommendation to the Board of Trustees which will then approve or disapprove the request, **AND BE IT**

FURTHER RESOLVED that this resolution was adopted at the regular board meeting of the LakeLand Village Community Club Board of Trustees on October 28, 1998.
