PUBLIC COMMENTS		
	Concern: Can you address the company that handles landscaping in boat launch area - they keep missing weeds between boats (with their weed whacker) and down by the water in front of the dock. LLVCC Response: This was taken care of by our Maintenance contractor.	
	Maintenance contractor.	
	Comment: I noticed that the family that "wanted to build a home" on the Island Place Road has put the property up for sale at a significant profit. Looks like the Lakeland Board got duped. I would hope that the board learns from their reckless action that cost Lakeland residents money and loss of the use of Island Place cul-de-sac.	
	Response: The sale of the property is a private issue. The Board didn't purchase the cul-de-sac. There was minimal cost to the residents.	
	Comment: Why does everyone always hold events when it is so hot and muggy outside. August is the hottest month

Past Due Fines and Late Fees- Sylvia Banzon

- Definition of Past Due Account: Any account with an outstanding balance above 30 days for any assessed amount.
- **Late Fees Discussion:** Set amount vs. a percentage discussion.
- Discussion of the application of late fees for fines and services provided; Bylaws- Article VII G-3 a-c.

Bylaws Insert:

Late Fees and Interest. The Association may add reasonable late fees, as well as interest of not more than 12% per annum, compounded annually, to any delinquent account and all assessments related thereto; and

Expenses and Fees. Any fees, charges or expenses, as specified at Article IX (D) below, including attorney fees and all costs of proceeding, with or without litigation, in pursuit of the collection of any assessments, as defined herein, including the payment of any charges having the effect of a lien against or associated with the subject lot.

Application of Payments. Payments made on member accounts will be applied in the following order, unless otherwise as specified by the Association: first to the oldest delinquency whether on account of an assessment or any other amount owed to the Association; then to more recent delinquencies in order, oldest first.

Motion: James motioned to charge \$10.00 or 3% whichever is greater. The late fees will be assessed starting with the October 1 billing cycle with no retroactive charges.

Second: Mark

Ayes: Mo, Sylvia, Scott, Don, Dale, Mark and Deb.

Email Vote to clarify the above motion on 8/29/24:

Discussion: The above motion seems to penalize heavily smaller assessed fees. A schedule of fees will make the fees equitable.

Motion: Sylvia motioned to approve the following fees schedule to be administered to all past due balances monthly. The fees will be assessed as follows:

Balance	Monthly Late Fee
\$1-\$99	\$5
\$100- \$249	\$10
\$250- \$499	\$15
\$500- \$999	\$20
\$1000 or more	3%

The above schedule will be assessed starting on Oct 1 billing cycle with no retroactive charges.

Lake Management

Chairman's Report- Scott Horsfall

- Information

The Lake Management Committee met on August 21, 2024. At this meeting discussions were held regarding whether to do another treatment of the lake (to control Lily Pad and Yellow Flag Iris growth as well as weed regrowth), and the inspection of docks and slide gates. No recommendations were made pending more information about both topics and pending quote.

Question: There are more Lily Pads this year than ever. Why not spray Lily Pads in August?

Response: The Lily Pads will die out in the winter and will treat it earlier next year.

Slide Gate and Underwater Inspection of Docks- Quote

- Information

Talked to the company that did it previously in 2014 and they are willing to come again. Scott talked to the previous LM Chair

to get some history on this. More research is needed. We received a quote for \$5500.	
Question: Can you give us an idea about what the dock inspection entails?	
Response: Divers go underwater to assess the conditions of the docks if replacement is needed.	
Chairman's Report- Maureen Allen - Incomplete construction hearing Recommendation: The committee recommends that the eyesore lot returns to an undeveloped or natural status. The committee recommends waiving assessed fines to allow homeowners to purchase native plants. The homeowner will develop a replanting plan by September 15 and submit for	
approval and execute the plan by the end of the year 2024. The committee recommends maintaining a strip of land mowed for parking.

- Eyesore hearing Recommendation : The committee recommends deferring the fine until October 31, stipulating evidence of progress and/or completion.

Golf cart safety -

The Andersons need to be contacted to see if they would be willing to put up cautionary signs and potentially pay for them, to help golf cart drivers be aware of speed limits and stopping at stop signs to prevent potential injuries to pedestrians.

Playground/Lake, park safety -

There is concern that cars, mopeds, E-bikes, etc. are not slowing down in the areas where children play. We recommend getting "Children at Play" or some type of sign that could be posted in those areas reminding people to slow down and watch out for kids.

Security Cameras Research- James Byrne Discussion with PUD:

The flock cameras must be installed on PUD poles. The poles are recommended to be installed at the entrances of LLVCC. We do not own the land; the Land is owned by the county. The cost for the poles is 10K each according to PUD. PUD will only drill the pole in public property but to do so we would need to have the county to agree to put the pole in the easement. It is not feasible for the Board to do this currently. In addition, the cost of the cameras is \$3000/yr with a contract for 3 years.

Motion: James motioned to not have the Board work on the cameras for the entrances of the community at this time.

Sheriff's Report- Maureen Allen DATES: August 1 and August 8

Board Meeting Minutes

Mr. William Harris, candidate for the upcoming election for Mason County Commissioner discussed the importance of getting informed about the position of commissioner and those interested in retaining and acquiring the commissioner position. Most importantly is to get out there and vote.

The carjacking which occurred last Friday in Shelton was explained in detail as the assailant successfully hit numerous vehicles on John Prairie Rd and was finally stopped by the "PIT" maneuver.

Officer DARE training is being started and will be implemented in the Pioneer School District. D- Division, A-Assess Decision, R-Respond, E-Evaluate the situation.

Announcement of the new meeting start time at the Burger Claim Restaurant. The new meeting time is 11:30 on the 2nd Thursday of each month.

Discussed the file clerk position within the Sheriff's Office to relieve officers of the tedious and time-consuming process to do paperwork. They belong out on the streets and not behind a desk.

Homelessness was extensively discussed. Washington is the 9th worse state for homelessness. Most homeless folks do refuse to be helped. However, if there is not a bed available at any rescue facilities, no one is allowed to try to encourage someone to get help. People who squat on Public Property cannot be removed per Supreme Court. In Mason County living in vehicles is the largest form of homelessness.

The Sheriff again encouraged placing "NO TRESPASSING" signs on personal property. He told a story about a person renting the lower level of her house and the owner tried to evict. The renter acquired a no contact order against the owner, so the owner of the house had to, by law, leave the property. Just a note: if your personal property is in "trust" and you personally want someone evicted, law enforcement CAN NOT evict.

The Mason County Jail is again overwhelmed with prospective "visitors" and can now outsource to Nisqually.

Mason County is again experiencing officers leaving for Thurston County because of the huge increase in wages and sign- in bonuses like \$15 and \$25 thousand dollars. Mason County cannot compete.

Board Meeting Minutes

Mason County again has the highest cases of fentanyl usage per capita in Washington State.

Numerous fires have occurred within multiple homeless camps and the occupants refuse to leave. A question was asked: are the majority of the homeless US citizens or illegals? Answer: We are not allowed to ask.

A male, age 15 with a gun hijacked a vehicle in Shelton. An officer found the car and went into pursuit and in the process the stolen car acquired 2 flat tires. Then the officer performed the "rub" which spun the car, and it came to a stop. The officer arrested the individual, however since he was a juvenile, he could not interview. Gang members use under aged individuals because they know they will be released.

WORK GROUPS

Strategic Planning Work Group

Boat Launch Organization- Don Huibregtse

- Discussion and Vote
- Boats temporary parking

Discussion: We have 3 bids for the Boat Launch Organization which would include weed removal/spraying, add weed barrier and ¾ inch gravel. Part of the organization will include kayaks/canoe racks. We have three bids for the project: \$6900, \$8200, and \$15000. We also heard from the County and no permit is needed for this project. It was also discussed that current homeowners with boats will need to move their boats out temporarily while the work is done. A communication will be sent out giving them the choice to take the boats home or store them in lot 66 at their own risk. The work should be completed within two weeks. Once we get a schedule we will send the information out.

Motion: Don motioned to approve the bid for \$6900 as this vendor has done work for us in the past and has met expectations.

NEW BUSINESS

PUBLIC COMMENTS	6/QUESTIONS	
Jerry Cloyd	Concern: Raking between the parking lot and his fence. He has spoken to Don and Mary, and it has not been resolved. He was told it was done. He ends up raking the property. Response: LLVCC notified landscaping company about this issue.	
	Concern: When does the park close? There were people there at 9:30 pm. Mr. Cloyd told the people that the park had been closed three times and they wouldn't leave. So, he called the police, and they came 30 minutes later. The police talked to them. The police officer said he couldn't do anything as this is a private property, and he doesn't have jurisdiction. He wants to know what the procedure is and who to call when something like this happens again.	
	Response: Sign posted states that it closes at dusk. Patrol closes the park within an hour of dusk when they do their evening run. The procedure is to call Patrol for assistance.
